

RECENT EXPERIENCE

City of Santa Monica Office of Sustainability & the Environment *Santa Monica, CA*
CivicSpark / AmeriCorps Fellow October 2025 - Present

- Assist with community planning projects, such as developing an extreme heat risk action plan
- Mobilize volunteers and gather community feedback to support project implementation
- Gather, analyze, and organize data for various analyses and visualizations that support ongoing projects

CivilGrid *Remote*
Data Research Specialist October 2024 - February 2025

- Interpreted maps, as-built drawings, and engineering plans at a basic level
- Researched utility operations, public works assets, and asset management plans
- Digitized utility maps in ArcGIS Pro
- Communicated directly with public works offices and utility asset owners over email and phone

Agerpoint *Remote*
Geospatial Data Intern May 2024 - August 2024

- Ingested and processed numerous data types based on Standard Operating Procedures (SOPs)
- Assisted in machine learning model training by providing feedback to machine learning/AI development teams on model performance
- Organized and maintained data storage according to client account requirements and standards

NYC's Panel on Climate Change (NPCC) & VIA *New York City, NY*
Summer Fellow & Student Intern June 2023 - December 2023

- Crafted visualizations on flood exposure in NYC for publication in the NPCC's flooding chapter
- Sorted, cleaned, and refined open-source data from NYC OpenData's site for analysis use
- Utilized Python for cleaning, refining, and visualizing rainfall and tide gauge datasets
- Assessed the quality of 311 data for analysis and visualization usage by NYC's Climate Vulnerability, Impact, and Adaptation Analysis (VIA) research

EDUCATION

Sarah Lawrence College | Bachelor of Arts | *Cumulative GPA: 3.93* *Bronxville, NY* | May 2024
Honors: Edward Cogan Prize for Science and Mathematics, Gaylord Donnelley Family Science Scholarship
Relevant Coursework: Environmental Data, Geospatial Data Analysis, Pollution, Watersheds, Microbiology

TECHNICAL SKILLS

Geospatial Analysis: QGIS, ArcGIS Pro
Data Analysis: Python (NumPy, Pandas, geopandas), R
Visualization: Python (matplotlib, seaborn), QGIS, ArcGIS Pro
Additional: CPR & First Aid Certification

NONTECHNICAL SKILLS

- Independent problem solving
- Confident oral/written communication
- Organization of data
- Creativity, innovation, and adaptation

ADDITIONAL EXPERIENCE

Starbucks | Barista/Partner May 2025 - Present
Sarah Lawrence Summer Research Program | Environmental Science Intern 2021, 2022
Sarah Lawrence College SciMath Dept. | Environmental Data & Microbiology Tutor Jan 2024 - May 2024
Sarah Lawrence College IT Department | IT Help Desk Assistant Jan 2024 - May 2024
Sarah Lawrence College Library | Shift Supervisor & Assistant September 2022 - May 2023
Sarah Lawrence College | Campus Van Driver Intermittent | 2021-2024
Annie Bloom's Bookstore | Clerk Seasonal | 2017-2021

Volunteering

MESD Oregon Outdoor School
Student Leader | 600 hrs | 2017-19

Interests

Viola, knitting/crocheting, citizen science, outdoor education, entomology
